Forecast For Northwest England
Issued by Met Office Exeter
at 0400 on Sunday 06 Jun 2021

++ Valid for broadcast between 0600 and 1800

Headline:
Largely fine and dry conditions, but showers likely for some.

Today:
A largely dry and bright day across northern parts of the region, with sunny spells. Generally cloudier further south, with scattered showers. Some of the showers may be heavy at times. Feeling warm in the sunshine. Maximum temperature 21 deg C (70 deg F).

Tonight:
Any lingering showers during the evening gradually clearing through the night. Clear spells for some areas with the odd shower still possible. Turning cloudy with fog patches forming by dawn. Minimum temperature 8 deg C (46 deg F).

Monday:
A largely dry and cloudy day with scattered showers, locally heavy during the afternoon. Showers easing through the evening with clear spells to follow. Feeling warm with light winds. Maximum temperature 20 deg C (68 deg F).

Outlook for Tuesday to Thursday:
Fine and dry on Tuesday with plenty of sunshine. A band of rain arriving on Wednesday with scattered showers and sunny spells to follow for Thursday. Winds strengthening throughout.
